

MAGNI-CLEAR SOLAR SUN DISC 2 YEAR LIMITED WARRANTY

Your Magni-Clear Solar Sun Disc is guaranteed by the manufacturer to be free from defects in material and workmanship under normal use in accordance with the Manufacturer's Installation and Use Instructions. The only things covered under this warranty are delamination and seam failure. This warranty does not apply to damage resulting from accident, misuse or abuse of the product, or alteration or modification of the product after your purchase.

THIS WARRANTY IS IN LIEU OF ALL OTHER EXPRESS WARRANTIES. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, THE MANUFACTURER AND ITS DISTRIBUTORS DISCLAIM ALL OTHER WARRANTIES AND CONDITIONS, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. REPLACEMENT OF DEFECTIVE PRODUCTS AS PROVIDED UNDER THIS WARRANTY IS YOUR EXCLUSIVE REMEDY. THE MANUFACTURER WILL NOT BE LIABLE IN CONTRACT OR TORT FOR ANY DIRECT, CONSEQUENTIAL, SPECIAL OR INCIDENTAL LOSS, INJURY OR DAMAGE ARISING OUT OF THE USE, MISUSE OR INABILITY TO USE THIS PRODUCT. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights, and you may have additional rights, which vary from state to state.

This Solar Sun Disc is covered by a **2 year limited warranty**. The purchaser shall pay the following percent of the manufacturer's list price at the time of replacement.

First Year	0%
Second Year	50%

The purchaser shall be responsible for any handling or shipment fee for replacement.

Magni-Clear Solar Sun Disc

Manufacturer's Installation and Use Instructions

Caution: The Solar Sun Disc is not a safety device. The Solar Sun Disc is not designed to support the weight of a person. It is possible to drown on top of the Solar Sun Disc. Solar Sun Discs must be removed before swimming. Children should be supervised in order to assure that the Solar Sun Discs have been completely removed. It is possible to get caught under Solar Sun Discs and drown if they are not properly removed from the pool before swimming.

Installation: Solar Sun Discs are installed on the pool with the bubbles facing down and the smooth side up. With the bubble side facing down, your solar sun discs should float in place on the water through wind and heavy rains. Connect your solar sun discs with the Velcro attached along the edges of each disc.

Maintenance and Care: It is important that you follow these instructions in order to assure that your warranty remains valid.

1. Protect the Cover While Swimming – Solar Sun Discs MUST be protected from the sunlight when it is removed from the pool. The best way to protect your solar discs is to place them in the shade or cover them with a white opaque protective cover when they are not in use. Solar Sun Discs can also be stored by carefully hanging them by the grommet. DELAMINATION DUE TO IMPROPER EXPOSURE OF THE SOLAR SUN DISCS TO DIRECT SUNLIGHT (WHEN OFF THE POOL) WILL RESULT IN VOIDING THE ENCLOSED WARRANTY!
2. Care in Handling – To prevent damage to the Solar Sun Discs, they should be carefully lifted over abrasive pool decks or coping or any sharp, ragged surface.
3. High Temperatures – Water temperatures above 90 degrees F. may shorten the life of your Solar Sun Discs. If pool temperatures rise above 90 degrees F. the Solar Sun Discs should be removed. WARRANTY IS NOT VALID IF THE SOLAR SUN DISCS ARE USED IN COVERING SPAS AND OR POOLS IN WHICH TEMPERATURES EXCEED 90 DEGREES F. Your Solar Sun Discs should not be stored in an area where temperatures might reach 120 degrees F. DISC DEFECTS CAUSED BY EXPOSING THE DISCS TO THE SUN OR EXCESSIVE HEAT WHILE OFF THE POOL (AS DISCUSSED ABOVE) ARE NOT COVERED BY THE WARRANTY.
4. Cleaning – A clean Solar Sun Disc is more efficient than a dirty one and will allow more of the sun's rays to pass through the blanket to heat your pool water. Use water and a soft brush to clean your blanket. To keep your pool cleaner, promptly dispose of dirt and debris after hosing off the dirt and leaves from the floating Solar Sun Disc.
5. Storage – Clean your Solar Sun Discs and allow them to dry thoroughly to prevent mildew. Place them in a clean, dry, rodent-free area where temperatures will NOT reach 120 Degrees F.
6. DO NOT leave your Solar Sun Discs on the pool after the swimming season ends. They are not a winter cover and the life of the product may be severely shortened by winter conditions.
7. Chemicals – The level of chlorine should be monitored to make sure it does not rise above 3 parts per million (PPM). If you must raise the chlorine level to more than 3 PPM, then remove your Solar Sun Discs from the pool to extend the useful life of the discs. DAMAGE CAUSED BY EXCESSIVE CHLORINE EXPOSURE IS EXCLUDED FROM THIS WARRANTY.
